

ALCHEMY OF SOUND TOUR II

November 16th – November 22nd, 2016

Discovering the Magic of Lower Egypt

Featuring Speakers **Anders Holte** and **Cacina Meadu**, **Patricia** and **Yousef Awyan**,
along with our Tour Guide & Khemitologist, **Mohamed Ibrahim**

We are the Ancients and the initiates of the past...

Join us as we remember the Alchemy of Sound in the timeless land of Al-Khem.

Anders and Cacina will begin this mystical tour with a day of basic physics of sound including tone alignment, fundamental voice projection and sacred intervals, introducing you to the ancients' way of connecting to their stellar heritage.

As we travel through the mystical land of Egypt, we will visit some of the most famous and sacred sites on the planet. Together with the unique wisdom shared by our extraordinary guides Patricia and Mohamed, our point of focus will center around the understanding of tone and sound as it was known in ancient Egypt.

Welcome to a Magical Journey!

The Ancients knew that and they built physical structures reflecting the physics of sound. Structures with divine acoustics and stellar alignment, designed to amplify and enhance the initiate's vibration, consciousness, and stellar connection.

We will open portals of forgotten wisdom and remembrance, using the sound vibration of our voice.

November 16th - Day 1 Wednesday Arrival Cairo

A transfer representative will meet you at the airport to assist you with entry formalities and escort you to the luxurious 5-Star **Le Méridien Pyramids Hotel & Spa in Giza**, less than 5 minutes from the Giza Plateau.

We will all enjoy a **Welcome Dinner** together followed by a meeting for introductions and surprises!
Overnight **Le Meridien Pyramids Hotel & Spa - Giza (D)**

November 17th - Day 2 Thursday Workshop: “The Basics of Voice and Sound”

Our Speakers **Anders Holte** and **Cacina Meadu** will host a **full day Workshop: “The Basics of Voice and Sound”**. A foundation will be laid, providing you with a sense of how to consciously use your voice in order to interact with the quantum energies of the various sites we will be visiting.

The Basics Of Voice And Sound - Introduction Workshop with Anders & Cacina

Your voice carries quantum information encoded in its very sound. Learning to use your voice can be a gateway to connect with who you really are. A bridge between the now and timelessness, between the physical you and the eternal You.

Topics for this day:

- *consciousness in sound*
 - *tone alignments*
 - *quantum voice*
- *the musical dimension*
 - *sound architecture*
 - *opening “sound locks”*
- *individual & partner work*
- *sacred circles & group tonings*

You'll learn how to communicate with the acoustics of a room, and how to create a sacred space in a physical structure through sound.

Overnight **Le Meridien Pyramids Hotel & Spa** -- Giza (B,L,D)

November 18th - Day 3 Friday [Saqqara](#)

After an early Breakfast we will travel by motor coach to the ancient site of **Saqqara**, home of the **Step Pyramid** attributed to **King Zjoser**.

The Sound Healing Hospital and the Mirror

We will visit the **Sound Healing Hospital** to experience the *still active* healing frequencies of this ancient site and discuss the many references to the importance of balancing the polarized energies within and without. You will also be able to try your hand at using these energies to create change within your life. What does Imhotep represent – and how can we become architects of energy?

The ancients understood that healing is more than just the curing symptoms. It requires an interactive process wherein the patient must also discover where they are “out of Maat” or balance, within. Patricia will guide you through **the Mirror**, a device created with this purpose in mind, offering you an opportunity to experience your own reflection.

The Serapeum

We will also be visiting the **Serapeum** which is a huge subterranean complex. A long hallway that runs in east/west directions is flanked by chambers that house gigantic, highly crystalline stone boxes. Our collective research shows that these boxes are far more ancient than the writings found on and around them, and were an integral part of a huge energy device. Maybe we can tap into the truth and significance their original purpose?

Titi Pyramid

Next we'll visit the wonderful **Pyramid of Titi**, historically known as the second pyramid containing *pyramid texts*. The quality of sound resonance in these chambers is simply breathtaking.

Overnight **Le Meridien Pyramids Hotel & Spa** - Giza (B,L)

November 19th - Day 4 Saturday [Valley of the Whales at the Fayuum Oasis](#)

Very little attention has been given to these rarely visited **Valley of the Whales**, however, you will be amazed by the many mysteries and anomalies we will discuss, see and experience while there.

The Valley of the Whales

Wadi Al-Hitan, the Valley of the Whales, contains invaluable fossil remains of the earliest, and now extinct, suborder of whales, Archaeoceti. These fossils represent one of the major stories of evolution: the emergence of the whale as an ocean-going mammal from a previous life as a land-based animal. The number, concentration and quality of such fossils here is unique, as is their accessibility and setting in an attractive and protected landscape. We will have the opportunity to explore and meditate in this sparse but beautiful environment.

Time has another scale in Egypt. This ancient land is full of fascinating mysteries and hidden purpose, for us to grasp when the time is right. **The Valley Of The Whales** is no different. Just about 100 years ago the first bones of whales were revealed by the sands of time, "coincidentally" discovered in the desert sands of Egypt.

When we go to the site today we find ourselves mesmerized, walking between gigantic skeletons of ancient whales, just embedded there in the sand. The unexpected evidence of these mystical water beings in the middle of the desert sends us a profound message. From a distant past it's like the whales say to us "We were here". And now it's up to us to grasp their significance and purpose as we continue our journey to solve the mysteries of Egypt.

Overnight **Mercure Pyramids Hotel & Spa - Giza (B,L)**

November 20th - Day 5 Sunday Memphis & [*PRIVATE ENTRY to Abu Ghurob*](#)

We will leave on our motor coach to visit the open air museum at Memphis. Memphis or Menefer, "the Land of Harmony" (part of modern day Mit Rahina), was once connected to the complex at Saqqara.

After Memphis, we will have our **Private Entry** to the rarely visited magical site of **Abu Ghurob**. We will discuss several theories on what alchemical significance the giant alabaster basins with strange gear-like designs found at this site may have been used for. Egyptologists call this the place of the *Sun Temple*, however, the indigenous claim **Abu Ghurob *may be the most ancient ceremonial Site on the planet!***

Abu Gherob also features a giant calcite crystal "**Hotep Ra**" that Hakim suggested was an ancient landing pad for inter-dimensional or intergalactic communication and/or journeying. This crystal platform, with its sacred geometrical design, creates a harmonic resonance achieved by means of sound vibrations. Here we will have our meditation and opportunity to harmonize with the powerful energy of this area.

Overnight **Le Meridien Pyramids Hotel & Spa - Giza (B,L)**

After an early buffet breakfast, our motor coach will bring you to the world famous **Giza Plateau**. You will see the evidence of layer upon layer of Site Transformation. We will point out and discuss the many “smoking guns” that exist on the Giza Plateau.

After exploring the area around the Pyramids, we will drive to a higher spot with a beautiful panoramic view of the Pyramids. Here you will have the chance to ride a camel and see the Pyramids from a different vantage point. Our exploration will continue at the **Valley Temple** where you will have the opportunity to get a close view of the **Sphinx**.

The highlight of the day will be our 2 hour **private entry to the Great Pyramid!**

Anders and Cacina will help us to achieve the tone of resonance with the highly crystallized granite of the chamber walls and “resonance box” during a group sound activation.

Overnight Le Meridien Pyramids Hotel & Spa - Giza (B,L)

November 22th - Day 7 Tuesday Dashur & Departure

In the morning we will take our motorcoach to **Dashur**, where the Bent and Red Pyramids are located. The Pyramids are dedicated to **King Sneferu** according to the official story. It is then curious to know that in the ancient Souf language, the title, *Sneferu translates as "double harmony"*.

First we will explore the area around the Bent Pyramid, discussing the anomaly of its shape and relationship to other structures in the area.

Next we will enter the Red Pyramid with its beautiful corbelled ceilings that are perfect for working and experimenting with sound. There are two adjacent chambers that can be used to create harmonizing effects.

Anders and Cacina will lead us in a sound resonance ceremony, enabling us to experience and participate in creating powerful healing vibrations.

Afterwards we'll enjoy our Farwell Dinner together. After our meal you will be driven to Cairo Airport for your final departure. (B,L)

We can make arrangements for you stay in Giza or Cairo to accommodate your flight schedules if needed.

NOTE: This itinerary is subject to change due to circumstances beyond our control though the content will remain the same.

Cacina Meadu

Musician, Speaker, Teacher, Life Counsellor and Artist

Cacina started playing the piano when she was five. From early on she showed an obvious talent for music. Being synesthetic as a child she would "see" the music she was playing. And so, for Cacina music and sound always carried much more than just audible information. From early on she had vivid remembrances of the temples and pyramids of Egypt, including an innate knowingness of working with tone and sound.

As a young adult Cacina studied music, interior decoration, and countless healing modalities. She spent the majority of her professional life working in the field of consciousness, helping people to find a sense of purpose by introducing them to a "bigger picture" of life.

Cacina is also an accomplished colour and silk artist. She is particularly known for her beautiful, radiant colours, and her ancient, symbolic writings on silk and canvas.

Today, besides her artworks Cacina mainly offers seminars, journeys, and concerts together with Anders Holte, her partner in life and music. Together they teach and share the true potential of music, and show how to use music to create a quantum field of sound and consciousness.
